FINAL EXAMINATION SCHEDULE

FALL QUARTER 1970-71

The Final Examination Schedule shown on the following pages indicates the room, time, day, and date for each scheduled final examination.

This schedule has been designed to minimize the number of students having more than two finals on the same day. If a conflict occurs or if this schedule poses an undue hardship for a student, he should consult with his instructors.

A time in the college calendar is set aside for final examinations because most professors use them for student evaluation. The period set aside for a final examination is a regular part of a college quarter and a professor may prefer to use that two-hour period for another form of evaluation.

11/10/70
