IMPORTANT NOTE TO FACULTY:

Due to unforeseen circumstances, the original Final Examination Schedule for Winter Quarter 1970-71 (on green paper) was not absolutely correct. In order to make the corrections, it had to be totally redone (on pink paper). The pink Final Examination Schedule completely replaces the original green one. Because of the change in the Final Examination Schedule, would you please announce to your students the new time, day and room for your exams.

FINAL EXAMINATION SCHEDULE

WINTER QUARTER 1970-71

The Final Examination Schedule shown on the following pages indicates the room, time, day, and date for each scheduled final examination.

This schedule has been designed to minimize the number of students having more than two finals on the same day. If a conflict occurs or if this schedule poses an undue hardship for a student, he should consult with his instructors.

A time in the college calendar is set aside for final examinations because most professors use them for student evaluation. The period set aside for a final examination is a regular part of a college quarter and a professor may prefer to use that two-hour period for another form of evaluation.
