Pass/No Credit Option - Students selecting the Pass/No Credit option must do so by the end of the second week of instruction of the quarter. For additional conditions and limitations of the Pass/No Credit option, consult the college catalog for 1971-72.

GENERAL INFORMATION

Admission

Prospective students, whether for part-time or full-time programs of study, must file an application for admission and other supporting documents within the announced filing period. To enroll in classes, applicants must be formally admitted to the college for that quarter. Procedures for admission are published in the College Catalog. Application forms may be obtained from the Office of Admission and Records (J-103C).

Health Clearance

A physical examination and health interview are required to each new student prior to registration. These should be completed prior to the time of registration. Students will not be allowed to pick up registration materials until they have secured health clearance from the Health Office (Room W-102).

Advising

New students are assigned academic advisors during the orientation/registration period for their first quarter of attendance. Each student is responsible for maintaining his own personal copies of college transcripts for advising purposes and should take these transcripts with him when meeting with an advisor. Students should consult their advisor when planning their program of study. An advisor's signature is required on the Course Request for new students.

Concurrent Enrollment

A student enrolled at the college may enroll concurrently for additional courses at another institution only by filing a PETITION FOR CONCURRENT ENROLLMENT with the Office of Admissions and Records (J-103C) after securing written approval from their academic advisor. Permission will not be granted when the study list in the proposed combined program exceeds the units authorized at this college for full-time study.

REGISTRATION

Each student registers in the California State College, Dominguez Hills, at times scheduled for this purpose. Early registration by mail is available to continuing students and those new students admitted early in the admissions cycle. New students eligible for early registration will be notified by mail; others register in person. Registration covers filling out official cards, enrolling in courses, paying fees, and receiving a REGISTRATION/STUDENT ACTIVITY card.

The continuing student should consult the academic calendar, official bulletin boards and student newspaper for information regarding early registration schedules.

GENERAL REGULATIONSExcess Units

For undergraduate students in good academic standing, the normal program load is the equivalent of four full courses (16 units). To this may be added activity courses having a value of one-half course or less. A student may enroll for more than 18 units by securing the written approval of his academic advisor on his program card prior to submitting his registration materials.

Change of Program

A change-of-program after registration is any change that is made in a student's official study list. Such a change includes: dropping a class, adding a class, changing the number of units for a class in which the student is registered, changing the section of the same course.

A change-of-program must be made before the deadline date listed for each quarter in the official college calendar. Students are provided with a set of DROP/ADD cards. Additional forms may be obtained from the Registrar. No change is effective until the change-of-program form has been filed with the Registrar. If a student officially drops a class by the end of the third week of instruction, the course will not be recorded on the student's permanent record. If a class is dropped after the end of the third week of instruction, a grade of W or NC shall be assigned. Refer to the college catalog (p.173) for details of dropping a class after the third week of instruction.

Official Withdrawal from the College

Students who wish to withdraw from the college are urged to consult the Dean of Students prior to official withdrawal is necessary if a student leaves the college at any time after registration and does not intend to complete the quarter. The forms for initiating this process may be obtained from the Office of Admissions and Records.

When official withdrawal from the college occurs before the quarterly deadline for dropping classes (the third week of instruction), there is no academic penalty. However, if official withdrawal occurs after the third week of instruction, different procedures must be followed. (See page 173 of 1971-72 catalog.)

Conditions for readmission shall be clearly indicated on the withdrawal form. A student who withdraws under satisfactory conditions shall be classified as a continuing student for the next quarter.

Credit by Examination

If a student in residence and in good standing has had preparation in a given subject because of unusual opportunities and feels that he has covered the content of a course, he may contact the Office of the Dean of the appropriate School about credit by examination. If an examination is given, it will be comprehensive. A pass or fail grade will be assigned and will become part of the student's permanent record. Courses by examination will not count toward residence requirements of the college.

Auditors

Auditors must register in the usual way and pay the same fees as would be charged if the courses were taken for credit. Enrollment as an auditor is subject to approval of the instructor; a student registered as an auditor may be required to participate in any or all classroom activities at the discretion of the instructor. Credit for courses audited will not be granted on the basis of the audit. No record of audit appears on the student's permanent record card nor are transcripts issued for audited courses.

A student who wished to audit a course in addition to his regular program must obtain the approval of the instructor and pay the fees required as if the course were taken for credit.

An audited course should be taken into consideration when planning a program so that the study load will not be excessive.

SELECTIVE SERVICE

Selective Service information is available at the Office of Admissions. Students subject to Selective Service should keep their local boards informed of all situations which might affect their draft classification.

Verification of enrollment in full-time programs will be submitted to the Selective Service Boards by the Office of Admissions. Any change of status during the quarter, such as dropping courses or withdrawal, will be reported to the Local Board by the Office of Admissions.

An undergraduate student must be enrolled in sufficient units per quarter to complete requirements for the degree in the normal time of 12 quarters.

DEGREE CANDIDATES

Candidates for a baccalaureate degree must file an application for graduation by the end of the first week of classes of the second quarter of the senior year, in accordance with the following schedule:

Fall Quarter for March graduation
Winter Quarter for June graduation
Spring Quarter for Summer graduation
Spring Quarter for December graduation

Candidates for master's degrees must file an application for graduation by the end of the first week of classes of the final quarter.

All applications must be filed in the Office of Admissions and Records. A change in graduation date may be reported by filing the necessary form with the Admissions and Records. (Degree checks remain valid while the student is in continuous attendance at the college even though the graduation date has been changed.)

GRADUATING SENIORS WHO PLAN TO CONTINUE INTO GRADUATE STATUS

Students who plan to graduate in December 1971 and intend to continue at Dominguez Hills as graduate-level students for the Winter Quarter 1972, are required to file a NOTICE OF INTENTION TO REGISTER AS A GRADUATE STUDENT. This notice is in the form of a card which should be picked up at the Office of Admissions and Records and returned with the registration materials for the Winter Quarter 1972.

CHANGE OF NAME OR ADDRESS

If you have made a change of name or address which has not been reported to the Office of Admissions and Records, please come to the Office of Admissions and Records and request the CHANGE OF ADDRESS form. It is very important that the Office of Admissions and Records is informed of any change, so that you will receive all mailings.
