CALIFORNIA STATE COLLEGE, DOMINGUEZ HILLS

1972-73 Class Schedule

WINTER QUARTER

SECOND EDITION

IMPORTANT: Be sure to read the General Notes starting on Page 1.

GENERAL NOTES TO CLASS SCHEDULE

(See back cover for footnotes to course listings)

1. This full year class schedule is published so that students may more effectively plan their schedules. It must be recognized, however, that changes to the schedule are unavoidable. Therefore, students are urged to check the bulletin board at the Office of Admissions and Records periodically in order to note changes that have been made to the schedule.
2. All classes listed in this schedule are subject to cancellation if pre-enrollment does not reach the following levels:

Lower Division Courses.	13
Upper Division Courses.	10
Graduate Courses.	5
3. Unless otherwise specified, classes will meet for a 50-minute period beginning at the time shown.
4. Indented classes signify portions of the class above (normally lab or discussion sessions of a lecture course). In such cases one must enroll in both the class above and one of the indented classes.
5. A final exam schedule is published elsewhere in this schedule, for all three quarters, and students may desire to consider the timing of their final exams at the time they select their course schedule.
6. The college catalog, as well as the general information pages which follow, should be reviewed carefully prior to registration.
7. Classes are not normally scheduled on Wednesday, noon to 2:00 pm, so that student and faculty organizations may schedule meetings, and so that from time to time all college events, such as convocations, concerts, etc. may be scheduled.

FINAL EXAM SCHEDULE

1972-73

1. Except for laboratory courses, all classes are required to meet at the time set aside below for a Final Examination Meeting, even if the professor prefers to use that meeting for a different instructional or evaluative technique.
2. The exam date and time is determined by the day, time, and (in certain instances) length of the first regular class meeting each week. Those relatively few classes which are not covered below will have as their Final Exam Meeting one of the alternatives shown. The alternative will be selected by the instructor after insuring that no conflicts exist.
3. Exams will be held in the regular classroom, except that instructors using one of the alternative times must first check with Academic Affairs, extension 391, to ascertain that the regular classroom is available.

PASS/NO CREDIT OPTION: *Students electing the Pass/No Credit option must do so by the end of the second week of instruction of the quarter. For additional conditions and limitations of the Pass/No Credit option, consult the College catalog for 1972-73.*

GENERAL INFORMATION

ADMISSION

Prospective students, whether for part-time or full-time programs of study must file an application for admission and other supporting documents within the announced filing period. To enroll in classes, applicants must be formally admitted to the College for that quarter. Procedures for admission are published in the College Catalog. Application forms may be obtained from the Office of Admissions and Records (J-103C).

HEALTH CLEARANCE

A physical examination and health interview are required to each new student prior to registration. These should be completed prior to the time of registration. Students will not be allowed to pick up registration materials until they have secured health clearance from the Health Office.

ADVISING

New students are assigned academic advisors during the orientation/registration period for their first quarter of attendance. Each student is responsible for maintaining his own personal copies of college transcripts for advising purposes and should take these transcripts with him when meeting with an advisor. Students should consult their advisor when planning their program of study. An advisor's signature is required on the COURSE REQUEST CARD for new students.

CONCURRENT ENROLLMENT

A student enrolled at the College may enroll concurrently for additional courses at another institution only by filing a PETITION FOR CONCURRENT ENROLLMENT with the Office of Admissions and Records (J-103C) after securing written approval from their academic advisor. Permission will not be granted when the study list in the proposed combined program exceeds the units authorized at this College for full-time study.

REGISTRATION

Each student registers in the California State College, Dominguez Hills, at times scheduled for this purpose. Early registration by mail is available to continuing students. New students eligible for early registration will be notified by mail: others register in person. Registration covers filling out official cards, enrolling in courses, paying fees, and receiving a REGISTRATION/STUDENT ACTIVITY card.

The continuing student should consult the academic calendar, official bulletin boards and student newspaper for information regarding early registration schedules.

CLOSED CLASSES

During registration a number of classes close and not all students are able to obtain either a complete program or the most desired. Outlined below are some suggestions which should enable almost all students to resolve the difficulties created by closed courses or sections:

1. ADDED COURSES ON BULLETIN BOARD. Check the bulletin board outside the Office of Admissions and Records for added courses. There may be a course which could be added to your program to fulfill degree major or elective requirements.
2. ALTERNATE SECTIONS. Check the SCHEDULE OF CLASSES to see if there are other sections of the same course available at different times.
3. ALTERNATE COURSES. Consider alternate courses which could be substituted this quarter in place of the original course preference.
4. WAITING LIST. Ask to be placed on a waiting list for closed course. Departmental or interdepartmental offices maintain waiting lists for closed courses. Upon request you will be added to the waiting list. As spaces become available because of other students dropping or withdrawing once the quarter has begun, students on the waiting list are allowed to add the course.
5. FIRST CLASS MEETING. Go to the first scheduled meeting of a closed class. Students who do not attend the first meeting of a course are dropped by the instructor.
6. CONSULT ADVISOR. If, after considering all of the above alternatives, you still have less than the number of units in which you wished to be enrolled, seek the help of your advisor. He may be able to suggest alternatives that have been overlooked.

One final point to remember is this: *The closer you are to graduation, the higher your priority for registration and thus chances for obtaining a complete program are greatly increased.*

NEW PROCEDURE

To assist the College in providing course offerings more responsive to student needs, a new procedure is now available for students to request courses that are not scheduled. This is an experimental procedure, and the difficult financial problems of the College make it rather unlikely that more than one or two additional courses can be added each quarter. Nevertheless, if you would like to submit such a request, obtain a SCHEDULE ADDITION REQUEST FORM from either the Bookstore or the Admissions and Records Office. Read the directions on the reverse of the form, fill it out, and deposit it at the Registrar's Office as soon as possible.

SCHEDULE OF REGISTRATION FEES

Tuition is not charged to legal residents of California. All students pay the regular fees shown below. Auditors pay the same fees as students registering for credit. All fees are subject to change by the Trustees of the California State College.

Fees for each quarter are payable at the time of registration. No individual will be admitted to class prior to payment of registration fees.

REFUND OF FEES

Refunds are not automatic. Applications for refund of fees are obtained from the Cashier and must be filed in the Office of Admissions and Records within the time limits specified. Applications received by the Registrar on or before the first day of instruction of each quarter are considered as having an effective date of the first day of instruction of that quarter.

Penalty fee (unless collected in error), the Late Registration Fee, and the Facilities Fee are not refundable.

MATERIALS AND SERVICE FEE

To be eligible for partial refund, a student who is withdrawing completely from the College must file a refund petition with the Registrar not later than 14 days after the first day of instruction. A Service Fee of \$10.00 will be retained by the College to cover the cost of registration. There is no refund for units dropped.

NON-RESIDENT TUITION FEE

If the refund petition is filed with the Registrar before or during the first week of the quarter, 100% of the tuition fee will be refunded; during the second week of the quarter, 75%; during the third week of the quarter, 50%; during the fourth week of the quarter, 25%.

PARKING FEE

Petitions for refund of the Parking Fee must be filed with the Campus Security Office. If the petition is filed before or during the first 25 calendar days of the quarter, 66% of the Parking Fee will be refunded; from the 26th to the 50th calendar days of the quarter, 33%; on or after the 51st calendar day, 0%.

Consult the Business Office of the College for further information.

GENERAL REGULATIONSEXCESS UNITS

For undergraduate students in good academic standing, the normal program load is the equivalent of four full courses (16 units). To this may be added activity courses having a value of one-half course or less. A student may enroll for more than 18 units by securing the written approval of his academic advisor on his program card prior to submitting his registration materials.

FIRST CLASS MEETING

You should report to the first meeting of your scheduled classes. Check the SCHEDULE OF CLASSES for room numbers. You are responsible for attendance in the courses and specific sections in which you have enrolled.

Students who enroll in a class but do not attend its first scheduled class meeting and do not contact the instructor beforehand WILL BE AUTHOMATICALLY DROPPED BY THE INSTRUCTOR from the class and their places given to waiting students who were unable to enroll at the time of registration.

CHANGE OF PROGRAM

If you attend the first meeting of the course and subsequently wish to drop the course, you must make an official change of program. Non-attendance of a course does not officially drop you from the course, nor does attending another course or section enroll you in that course or section. A verbal notification to the instructor does not drop you from the course. To add or drop, you must make an official change of program. CHANGE OF PROGRAM cards, DROP and ADD cards have been provided to you. Please use these punched cards when making a change of program. If needed, additional cards may be obtained in the racks outside the Office of Admissions and Records.

A change of program must be made before the deadline date listed for each quarter in the official College calendar. Students are provided with a set of DROP/ADD cards. Additional forms may be obtained from the Registrar. No change is effective until the change of program form has been filed with the Registrar. If a student officially drops a class by the end of the third week of instruction, the course will not be recorded on the student's permanent record. If a class is dropped beginning the fourth week and through the eighth week of instruction, a grade of W or NC shall be assigned. Refer to the 1972-73 College catalog for details of dropping a class after the eighth week of instruction.

OFFICIAL WITHDRAWAL FROM THE COLLEGE

Students who wish to withdraw from the College are urged to consult the Dean of Students prior to official withdrawal. Official withdrawal is necessary if a student leaves the College at any time after registration and does not intend to complete the quarter. The forms for initiating this process may be obtained from the Office of Admissions and Records.

When official withdrawal from the College occurs before the quarterly deadline for dropping classes (the third week of instruction), there is no academic penalty. However, if official withdrawal occurs after the third week of instruction, different procedures must be followed. Refer to the 1972-73 College catalog for details of withdrawing after the eighth week.

Conditions for readmission shall be clearly indicated on the withdrawal form. A student who withdraws under satisfactory conditions shall be classified as a continuing student for the next quarter.

CREDIT BY EXAMINATION

If a student in residence and in good standing has had preparation in a given subject because of unusual opportunities and feels that he has covered the content of a course, he may contact the Office of the Dean of the appropriate School about credit by examination. If an examination is given, it will be comprehensive. A pass or fail grade will be assigned and will become part of the student's permanent record. Courses by examination will not count toward residence requirements of the College.

AUDITORS

Auditors must register in the usual way and pay the same fees as would be charged if the courses were taken for credit. Enrollment as an auditor is subject to approval of the instructor; a student registered as an auditor may be required to participate in any or all classroom activities at the discretion of the instructor. Credit for courses audited will not be granted on the basis of the audit. No record of audit appears on the student's permanent record card nor are transcripts issued for audited courses.

A student who wished to audit a course in addition to his regular program must obtain the approval of the instructor and pay the fees required as if the course were taken for credit.

An audited course should be taken into consideration when planning a program so that the study load will not be excessive.

SELECTIVE SERVICE

Selective Service information is available at the Office of Admissions. Students subject to Selective Service should keep their local boards informed of all situations which might affect their draft classification.

Verification of enrollment in full-time programs will be submitted to the Selective Service Boards by the Office of Admissions. Any change of status during the quarter, such as dropping courses or withdrawal, will be reported to the Local Board by the Office of Admissions.

An undergraduate student must be enrolled in sufficient units per quarter to complete requirements for the degree in the normal time of 12 quarters.
