## ETHNIC SURVEY INFORMATION

When you pick up your registration packet at Step 2 of the registration process, some of you will find a new card: the Ethnic Group Survey Card. If this card is included in your packet, please take a moment to fill it out.
The diversity of students at CSU Dominguez Hills is one of the University's greatest strengths and, although providing ethnic information is voluntary, your participation will enable the institution to acquire accurate data for campus planning, to comply with state and federal regulations, and to allow the University to better know and serve its students.
Furthermore, many companies and corporations in the Los Angeles area are required to have an Affirmative Action plan which includes goals for hiring and promotion. Accurate goals can only be set when companies know how many qualified candidates are available for open positions.
CSU Domingues Hills provides companies and agencies, upon request, with information about group characteristics and ethinic composition of its graduating classes. This information helps companies set accurate goals for hiring and promotion.
Filling out the Ethnic Group Survey Card helps the University-and may help you, too. Please take a moment to check the appropriate box.
Thanks!

## FIRST CLASS MEETING

Students should report to the first meeting of their scheduled classes. Check this Schedule of Classes for room numbers. Each student is responsible for attendance in the courses and specific sections in which he/she has enrolled.
Students who enroll in a class but do not attend its first scheduled class meeting and do not contact the instructor beforehand may forfeit their space in the class and their place may be given to waiting students who are unable to enroll at the time of registration. If the University cancels a class, the student will receive a full refund of applicable fees UPON APPLICATION FOR REFUND or will be allowed to register in another class without payment of a late fee.

For undergraduate students in good academic standing, the normal program load is the equivalent of four full courses. To this may be added activity courses having a value of one-half course or less. A student may enroll in a maximum of 20 units during the registration period. Students who wish to enroll in more than 18 units must obtain the written approval of the advisor on the Course Request Card during Registration and on the Change of Program form during the quarter. A student who is absent for more than two quarters will also be required to submit a new application and fee.

## General Studies

## GENERAL STUDIES

Over the past few years, CSU Dominguez Hills has been working on a new general education program, titled GENERAL STUDIES. Although the new program was implemented in the Fall of 1980, its development at the upper division level is not quite complete. The courses printed below, however, have been approved as meeting General Studies objectives.
The General Studies program, which is divided into three components, required $72-76$ quarter units: (I), 1418 quarter units of Basic Skills; (II), 46 quarter units of lower division General Education divided among Humanities (16), Natural Sciences (12); Social Sciences (16), and The Whole Person (2); and (III), 12 quarter units of upperdivision integrative studies. The General Studies program satisfied revised general education requirements as specified in the California Administrative Code, Title 5. The statutory requirement in American Institutions (History 101 or examination AND Political Sciences 101 or examination) is not part of the General Studies program, but is a graduation requirement.
The General Studies program printed below is required of all students who enter Dominguez Hills as first-time freshmen beginning Fall of 1981 An interim General Studies program requiring fewer upper division units, having a less restrictive category II.C., and lacking category II.D. was put into effect during 1980-81; that program applies only to first-time freshmen who enrolled at CSU Dominguez Hills during 1980-81. Continuing students (other than 1980-81 first-time freshmen) and transfer students in continuous attendance at a California community college or a CSUC campus have the option of choosing the old General Education program.
If you are uncertain about which program applics to you, consult your academic faculty advisor or the Coordinator of the General Studies program, Dr. Lyle E. Smith (SCC N1 24, 516-3538; messages at 516-3784).
