ADMISSIONS INFORMATION

Prospective students, part-time or full-time, or returning students who have been out of school for two or more semesters, must fill an application for admission, pay the \$35 application fee (or qualify for a fee waiver), and provide supporting documentation within the announced filing period. To enroll in classes, applicants must be formally admitted to CSU Dominguez Hills for that semester. Procedures are explained in the University catalog, and admissions advising is available at the Information and Service Center. Applications may be obtained from that Center.

Eligibility varies depending on the applicant's previous academic background. There are four applicant groups:

1. **First Time Freshman** - A California high school graduate and legal resident of the State must present a high school grade point average (GPA) from the last three years of high school (excluding physical education and military science) and a test score from either the American College Test (ACT) or Scholastic Aptitude Test (SAT). The combined GPA and test score must place the applicant in the upper one-third of the statewide California high school graduating class. In addition, students must have satisfactorily ("C" grade or better) completed four years of college-preparatory English and two years of college-preparatory mathematics, including algebra and geometry. (See the Catalog for a comprehensive eligibility table and details regarding the subject requirements).

Students who are not legal residents of California and are graduating from high school in other states or United States possessions must have a GPA and test score placing them in the upper one-sixth of California high school graduates.

2. **Undergraduate Transfer Students** - Students in good standing of the last college or University attended may be admitted by meeting one of the requirements listed below. (The grade point averages referred to are on a 4.0 scale.)
 - A. Students with less than 56 semester transferable units must be eligible according to first-time freshman requirements (see above) and must have earned a GPA of 2.0 ("C" average) or better in all transferable units attempted.
 - B. Students with 56 or more semester transferable college units must have earned a 2.0 GPA ("C" average) or better in all transferable coursework (non-residents, 2.4), and have satisfied any high school subject deficiency in English and mathematics by equivalent course work.

The maximum transferable credit accepted from a two year college is 70 semester units.

3. **Graduate Students** - A graduate applicant must have a minimum 2.5 GPA in the last 60 semester units attempted, possess an accredited baccalaureate degree, and be in good standing at the last institution attended to be admitted to unclassified standing. Unclassified admission does not constitute admission to a graduate degree curriculum. (Please note that beginning Fall 1985 lower division courses and Extension courses completed after the bachelor's degree will be excluded from the GPA calculation. Upper division coursework taken through OPEN UNIVERSITY will be included in the GPA calculation)
4. **International Students** are required to have a 2.4 GPA on all units attempted from college.
5. **All students**, regardless of citizenship, who have not attended school at the secondary level for at least three years or beyond where English is the principal language of instruction, are required to earn a minimum score of 550 on the Test of English as a Foreign Language (TOEFL).

ABOUT THE UNIVERSITY

California State University, Dominguez Hills is a quality university in a cosmopolitan setting. The University is on a park-like attractive campus of 346 acres. The University celebrated its 25th anniversary in the Fall of 1985.

With an enrollment of 8,000 students, CSU Dominguez Hills provides a friendly atmosphere with generally small classes and individual attention from faculty.

CSU Dominguez Hills has one of the highest percentages of faculty doctoral degrees in the CSU system-more than 90 percent. There is an emphasis on teaching as well as research and an environment of caring about the needs of individual students. The University is full-accredited by the Western Association of Schools and Colleges and by professional associations in several academic specialties.

With moderate size, modest costs and facilities extensive enough to serve all its students, the University represents an attractive alternative to much larger and more expensive universities. California State University, Dominguez Hills provides many of the nearby advantages of a large metropolitan area while at the same time offering a pleasant and easy-to-get-to location.

MESSAGE FROM THE PRESIDENT

It is my pleasure to welcome you to California State University, Dominguez Hills.

We celebrated our 25th Anniversary of chartering last year. California State University, Dominguez Hills is no longer a young institution but a maturing university with a continuing commitment to providing an exciting quality higher education experience for our students.

This fall we begin our first academic year on the semester system. We believe this change will enhance the academic quality of your educational experience with us. It provides an opportunity for broader faculty and student interaction, an activity currently facilitated by our modest class size. We believe this closer involvement between the active participants in an educational situation promotes learning.

I encourage you to take full advantage of our change. The change was made for your benefit. It is my hope you have a rewarding year of study and challenge. I look forward to opportunities to meet with you in person.

Richard Butwell

CONVERSION TO SEMESTER CALENDAR ACADEMIC YEAR 1986-87

The University will convert from a quarter to a semester calendar beginning Fall, 1986. The educational considerations which led to this decision include:

- * increasing the quality of learning by providing more time within a given class to develop in-depth understanding of subject matter
- * strengthening basic skills such as writing, and pursuing ideas and projects requiring sustained thought and inquiry
- * improving comparability of courses and facilitating transfer of credit to and from other institutions, most of which are on the semester system
- * encouraging curriculum review in order to offer students the most comprehensive and academically sound program possible

This change is not expected to affect continuing student's plans in any substantial manner, including projected date of graduation. Faculty, staff and administration are dedicated to making the transition period a smooth one. Specially trained faculty advisers will be available to answer any questions which may arise and to provide comprehensive semester conversion guidance.

Undergraduate Students and Second Baccalaureates

It is recommended that students seek initial advisement from their major department or program. For continuing undergraduate students, a specially designated departmental or program advisor will review the major, minor and General Studies courses completed and will advise students on what courses to take to finish each set of requirements.

Undeclared majors as well as students with unusually complex General Studies advising needs, as determined by their department, are referred to the University Advisement Center.

For further information concerning the University undergraduate advising system, please see the Academic Advising section of this catalog.

Graduate Students

Students should contact the coordinator of their graduate program for advisement. The Graduate Advisor in the University Advisement Center will advise unclassified post-baccalaureate students and Graduate Special Majors.

General Advising Suggestions

A good, consistent relationship with an advisor can assist you greatly in achieving educational, career, and personal goals and in taking maximum advantage of the resources this University has to offer. It is in the students' best interest to seek and obtain an advisor with whom they are compatible and to meet with them on a regular basis. This is particularly imperative during this transition year with regard to semester conversion. To make the transition from the quarter to the semester system a smooth one, students will need advisement regarding courses already taken, courses to be taken and how to merge these courses with the new semester courses. Students should be sure to contact their academic advisor as soon as possible.

GENERAL INFORMATION

CHANGE OF PROGRAM

A change of program is any change that is made in a student's official study list. Such a change includes: dropping a class, adding a class, changing the number of semester units for a class in which the student is registered, changing the section of the same course.

A change of program must be made before the deadline date listed for each semester in the official University calendar. NO change is official until the appropriate forms have been signed by the instructor, when required, and processed by the Office of the Registrar.

Change of Program deadlines are as follows:

FALL SEMESTER 1986	DEADLINE DATE
Adding, (First two weeks of classes)	September 12, 1986
Dropping, (First four weeks of classes)	September 26, 1986

ADD AND DROP PROCESSING

The student must obtain a change-of-program form from the Office of the Registrar and follow these procedures:

- Complete appropriate sections of the change-of-program form per the instructions on the back of the form.
- If adding a class, you must obtain the instructor's signature.
- If dropping a class, instructor signature is not required.
- The completed change-of-program form must be personally returned to the Office of the Registrar for immediate processing. You will be required to present your receipt card and I.D. card for name and date embossing.
- Conditions for dropping a class after the fourth week are outlined in the current CSU Dominguez Hills catalog.

NOTE: A student who enrolls in a course, discontinues attendance and does not officially drop or withdraw from the course, will automatically receive an F, NC or U grade for the course.

ETHNIC SURVEY INFORMATION

When you pick up your registration packet at Step 2 of the registration process, an Ethnic Group Survey Card may be included in your packet. Please take a moment to fill it out.

The diversity of students at CSU Dominguez Hills is one of the University's greatest strengths. The ethnic information is voluntary, but your participation will enable the institution to acquire accurate data for campus planning, to comply with state and federal regulations, and to allow the University to better know and serve its students.

Furthermore, many companies and corporations in the Los Angeles area are required to have an Affirmative Action plan that includes goals for hiring and promotion. Accurate goals can only be set when companies know how many qualified candidates are available for open positions.

CSU Dominguez Hills provides companies and agencies, upon request, with information about group characteristics and ethnic composition of its graduating classes. This information helps companies set accurate goals for hiring and promotion.

FIRST CLASS MEETING

Students should report to the first meeting of their scheduled classes. Check the Schedule of Classes for time, day and room numbers. Each student is responsible for attendance in the courses and specific sections in which he/she has enrolled.

Students who enroll in a class but do not attend its first two

meetings (or first meeting of once a week classes) and do not contact the instructor beforehand, may be dropped from the class by the instructor and their space given to other students waiting to add the class. *It is the responsibility of the student to make sure that he/she has been dropped by the instructor. Students who are in doubt regarding their drop status should file their own official change-of-program form.*

NOTE: Failure to officially drop or withdraw from a course will result in a grade of F, U, or NC.

CREDIT/NO CREDIT OPTION

Undergraduate Students

Undergraduate students selecting the Credit/No-Credit option must do so by the end of the third week of instruction, September 19, 1986. Credit/No-Credit cards are available from the Office of Admissions and Records and the Information and Service Center and must be submitted by the deadline. For additional conditions and limitations of the Credit/No-Credit option, consult the current CSU Dominguez Hills catalog.

Graduate Students

CR/NR grades *may be* allowed in courses numbered below 500, which will not be used to satisfy the requirement of a graduate degree program.

For full information on CR/NR grading, see current University Catalog.

CANCELLATION OF CLASSES

The University reserves the right to make changes in the Class Schedule as printed. When enrollment in any class is not sufficient to justify its continuance, the course may be canceled.

If the University cancels a class, the student will receive a full refund of applicable fees *upon application for refund* or will be allowed to register in another class without payment of a late fee.

CHANGE OF GRADE PROCEDURES

If a student wishes a grade changed for whatever reason, the process is initiated through the academic department, where a *Request for Change of Grade* form is completed by the student. The form is left in the department where it is reviewed by the instructor and the department chair. If a change is made, a *Change of Grade* form, with appropriate signatures, is prepared in the department and sent to the Registrar's Office. The student will be notified of the change of grade by the Registrar's Office.

EXCESS UNITS-STUDY LOAD LIMITS

For undergraduate students in good academic standing, the normal program load is the equivalent of five full courses. Activity courses having a value of one-half course or less may be added. A student may enroll in a maximum of 18 units during the registration period. Students who wish to enroll in more than 18 units must obtain the written approval of the advisor on the Course Request Card during Registration and on the Change of Program form during the semester. A student who wishes to enroll in more than 21 units after registration must secure the approval of one of the following individuals:

- The Dean of the School in which the student is majoring.
- The Vice President of the Small College for Small College students.
- The Coordinator of Liberal Studies for Liberal Studies majors, or,
- The Coordinator of Academic Advising.

CHANGE OF INSTRUCTOR

The University reserves the right to make changes in the Class Schedule as printed. When classes are split or sections are canceled due to lack of enrollment, it may be necessary to

assign an instructor different from the one listed in the class schedule.

PROCEDURE FOR RETAINING CONTINUING STUDENT STATUS

A. PROCEDURE

Students may elect to be absent for one semester without losing eligibility for re-registration, subject to the following conditions:

1. A permit to register will not be released to students who were scholastically disqualified following their most recent semester of attendance at CSU Dominguez Hills.
2. Students who attend another college or university during an absence from Dominguez Hills must file an application for admission as a returning student and must have official transcripts of work attempted sent to the Office of Admission. The non-refundable \$35 application fee is required.
3. Undergraduate students who graduate from Dominguez Hills and wish to continue as graduate students must file a new application for admission. An application fee of \$35 is required.

B. RETENTION OF CATALOG RIGHTS

A student utilizing the continuing student status procedure will retain catalog rights. The student will be able to use the requirements of the catalog under which they were admitted.

OFFICIAL WITHDRAWAL FROM THE UNIVERSITY

Students who wish to withdraw from the University are urged to consult the Office of the Registrar prior to official withdrawal. Official withdrawal is necessary if a student leaves CSU Dominguez Hills at any time after registration and does not intend to complete the semester. The forms for initiating this process, including the Withdrawing Student Survey, may be obtained from the Office of the Registrar, Building 1.

When official withdrawal from the University occurs before the semester deadline for dropping classes (the fourth week of instruction), the record indicates official withdrawal. However, if official withdrawal occurs after the fourth week of instruction, different procedures must be followed. Refer to the current CSU Dominguez Hills Catalog for those procedures. *Students who do not officially withdraw will automatically receive F or U grades in all courses for which they are enrolled.*

Conditions for readmission are indicated on the withdrawal form. A student who withdraws under satisfactory conditions shall be classified as a continuing student for the next semester.

PRE-MEDICAL/PRE-DENTAL

All pre-medical, pre-dental, pre-pharmacy, pre-veterinary, pre-optometry, pre-etc. students should check the appropriate box on the Major/Minor card at registration. All such students also should seek advising from a Pre-Medical Professional Advisor in addition to their major advisor. Please call the SMT School Office (516-3373) for information.

VETERANS BENEFITS AND RESPONSIBILITIES

It is the responsibility of each veteran to request certification for Veterans Educational Benefits at the time of registration, if this request was not previously completed. Continuing students are normally certified for the school year, September through June, and must make arrangements for any variations, including discrepancies in the number of units reported. New students are, upon request, certified for the current semester through the end of the school year. Please verify your certification with the veterans clerk at the veterans station during Registration.

It is also the responsibility of the veteran to report to the Office of the Registrar any changes of enrollment affecting certification status.

For new students who are being certified for the first time, and for continuing students who were not certified previous to registration, it will take six to eight weeks from the date of certification before Veterans Educational Benefits are received.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

All student records of the California State University, including CSU Dominguez Hills, are kept in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974.

Students may request access to those campus records that personally identify the student. The student may challenge the accuracy of the record or the appropriateness of its retention in the campus records. Student consent is needed for the release of records covered by the Act to outside parties (e.g. prospective employers) except for those agencies entitled to access under the provisions of the Act (e.g., campus officials, other schools, federal officers, and requests in connection with the application or receipt of financial aid).

A student may request a copy of a record that he/she has requested for release. Students must pay a charge for copies of records for which such a charge has been established. Copies of the full text of the Family Educational Rights and Privacy Act of 1974 are available at the Office of the Vice President for Student Affairs (SCC M110) or the campus library. Particular questions with respect to a student's prerogatives under the Family Educational Rights and Privacy Act of 1974 should be directed to the Office of the Vice President for Student Affairs.

If a student wishes to restrict the release of directory information, a request may be made at the Office of the Vice President for Student Affairs. The request is valid from the semester requested through the end of the academic year. Requests for restriction of release of information for a subsequent academic year require a new form.

CREDIT BY EXAMINATION

Effective with the Fall Quarter of 1978, credit by examination is governed by the following regulations:

GENERAL CONDITIONS

1. Registered students may receive credit by examination for courses in which they are eligible to enroll.
2. The student should contact the office of the appropriate department to initiate the procedure.
3. Each department will maintain an up-to-date listing of courses that may/may not be taken as credit by examination.
4. The student will select a traditional letter grade or the CR/NC option in accordance with the policies applicable to regular course enrollment.
5. Credit by examination will not be given for course work that an academic department deems inappropriate or impossible to evaluate by examination.
6. The same course can be taken only once by credit by examination.
7. Credit by examination will not be given for a course if the student has already received credit for a similar but more advanced course.

PROCEDURE FOR COURSES LISTED IN THE CLASS SCHEDULE

1. The student secures a petition for credit by examination from the appropriate department office and obtains the signature of the instructor and department chair.
2. If the petition is approved, the student enrolls in the course during registration and is given the examination during the first two weeks of the semester.

3. The student is notified of the results of the examination during the third week of the semester. If the examination is passed, the grade is submitted to the Office of the Registrar by the end of the third week. The student's name will remain on the roster and the grade will appear on the semester grade card. If the examination is failed, the student has two options: (a) remain enrolled in the course and complete it according to standard procedures, or (b) officially drop the course before the end of the fourth week.
4. The course grade will appear on the student's permanent record card with the other grades for the semester with the designation that the course was completed by examination.

PROCEDURE FOR COURSES NOT LISTED IN THE CLASS SCHEDULE

1. The student secures a petition for credit by examination from the appropriate department office and obtains the signature of an appropriate and willing instructor and the department chair.
2. If the petition is approved, the examination will be scheduled within 15 days.
3. Upon the completion of the exam, a grade is recorded on the petition and the petition is forwarded to the Office of the Registrar.
4. The Office of the Registrar notifies the student of the grade provided by the department.
5. Only a passing grade will be recorded on the student's permanent record card. A non-passing grade will not be recorded.

CHANGE OF NAME OR ADDRESS

If you have made a change of name or address, which has not been reported to the University, please come to the Office of the Registrar and request the *Change of Name/Address* form. It is very important that the University be informed of any change so that you will receive all mailing.

AUDITING A CLASS

Auditors must pay the same fees that would be charged if the course were taken for credit. Enrollment as an auditor is subject to the approval of the instructor. A student registered as an auditor may be required to participate in any or all classroom activities at the discretion of the instructor. Credit for courses audited will not subsequently be granted on the basis of the audit. No record of audit appears on the student's permanent record card nor are transcripts issued for audited courses.

An enrolled student who wishes to audit a course in addition to his regular program must obtain the approval of the instructor on the Approval-for-Audit form available in the Office of the Registrar and pay the fees required as if the course was taken for Credit. The approval may not be obtained before the first day of instruction. A student may not opt to audit a course after the end of the fourth week or change from credit to audit status after that date. If a student has enrolled in a course and is changing to audit status, the course must be officially dropped at the time the audit form is submitted.

An audited course should be taken into consideration when planning a program so that the study load will not be excessive.

A student not admitted to, nor enrolled in, the University must file a Statement of Residence prior to auditing a course. A resident determination must be made so that the appropriate fees may be charged. An application for admission is not required. A student must then follow the procedures as outlined above.

TITLE IX OF THE EDUCATION AMENDMENTS OF 1972

Title X of the Education Amendments of 1972 and the Departmental Regulation (45 CFR Part 86) promulgated thereunder prohibit discrimination on the basis of sex in the operation of most federally assisted education programs. The Affirmative Action Coordinator, Office of Faculty and Staff

Affairs, has been assigned the administrative responsibility for reviewing such matters.

USE OF THE ID CARD

The ID card must be carried at all times and be validated each term. A current ID card is necessary to perform certain transactions in Admissions and Records, the Library, the Business Office, and other campus offices, and is necessary to obtain services covered by the student service fee, such as personal and career counseling and employment and health services.

The ID card is also required by the Student Association to establish eligibility to participate in student activities and elections.

CONCURRENT ENROLLMENT

A student enrolled at the University may enroll concurrently at another institution by filing a *petition for concurrent enrollment* or the *intra system concurrent enrollment* form with the Office of The Registrar after securing written approval by the academic advisor. Permission will not be granted when the study list in the proposed combined program exceeds the units authorized at this University for full-time study.

ENROLLMENT IN CONFLICTING CLASSES

Students are NOT allowed to enroll in two classes that meet at the same time without specific approval on the *petition for permission to register for courses with a time conflict*. A student found to be enrolled in conflicting courses without the form on file will be required to resolve the conflict. The petition form is available at the Office of the Registrar.

FULL-TIME STATUS

Undergraduates are considered to be full-time students during any semester in which they are enrolled in 12 units or more. In order to graduate in four years, however, a student must complete approximately 16 units each semester. Graduate-level students enrolled in eight or more graduate-level (500 level) units are considered to be full-time.

CREDIT FOR OPEN UNIVERSITY, EXTENSION AND CORRESPONDENCE COURSES

The University allows transfer credit of appropriate college-level courses completed in Extension, including Open University, or by correspondence from accredited colleges or universities and the United States Armed Forces Institute. A maximum of 24 semester (36 quarter) units earned through Extension, completed at CSU Dominguez Hills or elsewhere, correspondence, and USAFI may be accepted toward a bachelor's degree. For graduate level students, a maximum of 9 semester (13 quarter) units of extension work may be applied to a degree. Please note that these credits do not satisfy CSU Dominguez Hills residence requirements for the degree. For more detailed information, please refer to the current University catalog.

ENROLLMENT IN OPEN UNIVERSITY FOR MATRICULATED STUDENTS

Effective with fall quarter 1984, a matriculated student who is eligible for enrollment as a regular student may not enroll partially or completely in courses through Open University.

REQUIREMENTS FOR THE BACHELOR'S DEGREE

Students seeking a baccalaureate degree from the University must complete specific requirements as determined by the Trustees of The California State University, the California Administrative Code, Title 5; and, California State University, Dominguez Hills.

Briefly summarized, the college-wide requirements include all of the following:

1. Completion of a minimum of 124 semester units of credit.
2. Completion of General Studies program (52-59 semester units).
3. Satisfaction of statutory requirements in U.S. History, Constitution and American Ideals by completing courses History 101 or examination and Political Science 101 or examination.
4. Satisfaction by examination or course of the graduation requirement in writing proficiency.
5. Satisfaction of Entry Level Math (ELM) requirement.
6. Completion of one of the following: a major and a minor; or a major in one of the designated single fields; or a double major. This requirement also can be satisfied through the Areas of Concentration in the Small College combined with a thematic project, a minor or another major. Specification for each field are outlined under their appropriate headings elsewhere in the University Catalog.
7. Completion of elective courses (beyond the requirements above) to reach the total of a minimum of 124 semester units of credit.
8. The terms residence units applies to those units earned at CSU Dominguez Hills while an officially admitted student in a degree program. Fees must be paid through the regular registration process. Residence requirements for a bachelors degree include a minimum of 30 semester units in residence of which 24 units must be earned in upper division courses and 12 upper division units must be earned in the major. The maximum credit that may be taken in Extension (Open University) and used toward degree requirements is 24 semester (36 quarter) units at the undergraduate level and 9 semester (13 quarter) units at the graduate level. *Resident extension units do not satisfy residence requirements for a degree.*

GRADUATION WITH HONORS POLICY

Effective with the 1978-79 academic year, to graduate with honors a student must complete 36 units in residence and receive a minimum of 3.40 on all units taken at CSU Dominguez Hills, with the overall grade point average determined on transferable undergraduate work. The Honor Categories are as follows:

- Cum Laude (3.40-3.59)
- Magna Cum Laude (3.60-3.79)
- Summa Cum Laude (3.80-4.00)

All students graduating under the 1978-79 or earlier catalogs will be evaluated for graduation using the new criteria. If they meet the new criteria, they will be designated as graduating cum laude, magna cum laude, or summa cum laude. If they do not meet the new criteria, they will be evaluated as graduating with honors as stipulated in earlier catalogs and, if eligible, will be designated as graduating "With Distinction" or "With Great Distinction". Students graduating under the 1978-80 catalog and subsequent catalog years will be evaluated using the new criteria only. Graduation with honors is available only to undergraduate students earning a first baccalaureate degree.

Candidates for graduation with honors will be listed in the commencement program based on grades earned through the previous fall semester. Official placement in one of the honors categories will be based on all grades earned including the final term. Therefore, it is possible to be listed as a candidate in the commencement program, but not graduate with honors after all grades have been calculated. Students who do graduate with honors will have the appropriate designation inscribed on their diplomas.

DEGREE CANDIDATES

Candidates for a *Baccalaureate degree* must file an application for graduation with the Office of the Registration in accordance with the following schedule:

<p>To GRADUATE at the end of:</p> <p>Fall Semester</p> <p>Spring Semester</p> <p>Either Summer Session</p>	<p>You must FILE by the:</p> <p>First Week of the Spring Semester</p> <p>First Week of the Fall Semester</p> <p>First Week of the Spring Semester</p>
---	--

Candidates for a *Graduate degree* must file an application for graduation by the end of the first week of the semester in which they plan to graduate. Candidates for either Summer Session must file the first week of Spring Semester.

If you do not qualify for graduation at the end of the semester for which you applied, you must submit a Change of Graduation Date card to the Graduation Unit. Failing to do so will place a hold on your undergraduate registration packet for the next regular semester.

Completion of degree requirements is the student's responsibility and therefore each student must be thoroughly familiar with the procedures and information about graduation. If you have questions, please consult a CSU Dominguez Hills catalog or check with the Office of the Registrar. Please note that a master's degree requires a minimum of 21 semester units earned in residence. *Resident extension (Open University) units do not satisfy residence requirements for a degree.* A maximum of 9 semester (13 quarter) units of credit at the graduate level taken in Extension may be used toward degree requirements.

HONORS PROGRAM - GENERAL STUDIES

The CSU Dominguez Hills Honors Program offers special opportunities to especially able and highly-motivated students. New and continuing students may participate in Honors sections of General Studies and advanced courses; open only to Honor Program students, these stimulating classes enrich student learning in required courses. (See the course listing section in this schedule for the Fall offerings.) Honors Program students are also eligible for special advising from faculty mentors and for participation in Honor Program activities. For further information, or to apply to the program, call Dr. Lois Feuer at 516-3640.

DOUBLE COUNTING OF GENERAL STUDIES COURSE

Lower division general courses may be "double-counted" in both the major and the minor. Upper division general studies courses may be double-counted in the following majors only: Liberal Studies, Medical Technology and Small College. (Majors in these programs should consult their faculty adviser for details.) Upper division general studies courses may be double-counted in the minor if (a) at least 12 semester units are taken in the minor exclusive of general studies courses and (b) general studies courses used in the minor have the approval of the chair/coordinator responsible for the minor. Even though students may double-count certain general studies courses, they will not receive additional unit credit towards graduation by double-counting. A double-counted course counts three (3) units (not six) towards graduation.

CAPSTONE

CAPstone is a program that allows students to cross-register for a course at a participating institution with a minimum of difficulty and fees.

CAPstone was designed for community college students who want to take a course at CSU Dominguez Hills before transferring, if that class is not offered at their college.

Each community college campus, as well as CSU Dominguez Hills, has a CAPstone coordinator and prospective students must obtain Cross-Registration forms from that person.

Community college students wishing to enter CSU Dominguez Hills for Fall Semester should have CAPstone forms submitted by the second week of July.

For further information, contact Mary Hood, Admissions Office, 516-3613.

GENERAL EDUCATION

The General Education program can be found in University catalogs prior to 1980-81. Continuing CSU Dominguez Hills students and transfer students in continuous attendance at California Community Colleges or a CSU campus who can graduate using a catalog prior to 1980-81 may have the option of choosing this program rather than the new General Studies program. In addition, continuously enrolled 1980-81 freshmen at a California Community College or a CSU Campus may choose this program.

Students who were first-time freshmen during 1981-82 must graduate using the appropriate General Studies program. The General Education program printed below has been modified somewhat in order to include courses from the General Studies program.

Students enrolled under General Education must complete a minimum of 40 semester units (60 quarter units) in General Education. 32 of the 40 semester units (48 of the 60 quarter units) must be from categories I-IV printed below. Courses used to fulfill requirements in General Education may not be used to fulfill major course requirements, except as specified in the Liberal Studies major.

GENERAL STUDIES 1980 - 1981

The 1980-1981 General Studies program which is divided into three components requires 62-66 quarter units: (I) 14-18 quarter units of Basic Skills; (II) 44 quarter units of lower division General Education divided among Humanities (16 quarter units), Natural Sciences (12 quarter units), and Social Sciences (16 quarter units); and (III) 4 quarter units of Upper Division Integrative Studies in Cultural Pluralism. The statutory requirement in American institutions (History 101 or examination and Political Science 101 or examinations) is NOT part of the General Studies program, but is a graduation requirement.

The 1980-81 General Studies program is required only of those students who entered CSU Dominguez Hills as first-time freshmen in 1980-81. Continuing students and 1980-81 transfer students in continuous enrollment may have the option of choosing the old General Education program.

STATUTORY REQUIREMENT

In addition to the General Studies requirement, students must also satisfy the statutory requirements in United States history and government by completing the following:

HIS 101 OR EXAMINATION
POL 101 OR EXAMINATIONS

GENERAL STUDIES 1981 - 1982

The 1981-1982 General Studies program, which is divided into three components, requires 72-76 quarter units: (I) 14-18 quarter units of Basic Skills; (II) 46 quarter units of lower division General Education divided among Humanities (16 quarter units), Natural Sciences (12 quarter units), Social Sciences (16 quarter units); and The Whole Person (2 quarter units); and (III) 12 quarter units of Upper Division Integrative Studies. The statutory requirement in American Institutions (History 101 or examination AND Political Sciences 101 or examinations) is NOT part of the General Studies program, but is a graduation requirement.

The General Studies program printed below is required of all students who enter CSU Dominguez Hills or a California Community College as first-time freshmen beginning Fall of 1981. Continuing students (other than 1980-81 first-time freshmen) and transfer students in continuous attendance at a California Community College or a CSU campus prior to Fall 1981 may have the option of choosing the old General Education program.

If you are uncertain about which program applies to you, consult your academic faculty advisor or the Coordinator of the General Studies program at 561-3538. If you have questions about your General Studies program under the semester system, see your major advisor.

For the campus policy on "double-counting" General Studies courses in the major and the minor, see page 11 of the Class Schedule.

In addition, students must take a course emphasizing cultural pluralism (0-3), which can satisfy General Studies or other graduation requirements as well. The statutory requirement in American Institutions (HIS 101 or examination and POL 101 or examinations) is NOT part of the General Studies program, but is a graduation requirement.

The 1986-87 semester General Studies program is required of all students who enter CSU Dominguez Hills or a California Community College as first-time freshmen beginning Fall 1986. Total or partial refund of this fee can be obtained if a refund application is filed with the Director of Records and Registration on or before the dates listed in the REFUND DEADLINES chart on this page. Refund applications are available from the Information and Service Center (SCC A130).

INSTALLMENT PAYMENT OF NON-RESIDENT TUITION

Effective January 1, 1976, a non-resident student who is a citizen and resident of a foreign country and not a citizen of the United States, may pay the required non-resident tuition fee on an installment basis. This is limited to three equal payments established at the time of registration.

A 15% non-refundable service charge will be added to each installment payment. If payment of either installment is not made on or before the due date, a \$10.00 late fee is also added.

Payments are made to the University Cashier. Failure to pay any installment within ten (10) calendar days of the due date will result in complete disenrollment for the remainder of the

semester and the student will not be eligible to pay non-resident tuition on an installment basis in subsequent terms.

DISHONORED CHECK POLICY

Once a check has been dishonored, no personal checks will be accepted from that person for a period of at least two academic semesters.

This rule applies to any check returned from any financial institution for any reason. The person will be required to pay all university-related debts by cash, a certified check, money order or travelers check(s) including the \$10.00 returned check fee. No personal checks will be accepted. Those passing a dishonored check may be notified and identified in three ways: a letter will be sent to them at the time the check is dishonored; a notice will be included on their registration priority card, and their fee card will be specially identified for the following two academic semesters.

REFUND DEADLINES

Refunds are not automatic. If you are withdrawing from school completely, or reducing the number of units in which you are enrolled, you should request a refund application from the University Information and Service Center. Refunds are calculated based on the date the application is received. It is therefore important to file for a refund as soon as possible. Please review the refund deadlines shown below. No exceptions can be made to the dates noted. A \$5.00 service charge will be retained by the University to cover the cost of processing each refund application.

The last day to apply for a refund of fees (other than non-resident tuition or parking fees) is September 19, 1986. No refund applications will be accepted after this date, unless a student withdraws upon the advice of a physician and can document this fact.

The state university fee, student activity fee, student center fee, facilities fee and instructionally related activities fee are refundable only upon complete withdrawal from the University.

ACADEMIC SKILLS ASSESSMENT PLAN

The California State University (CSU) and California State University, Dominguez Hills (CSU Dominguez Hills) recognize each student's needs for adequate preparation in mathematics, English, reading and critical thinking for successful continuation and completion of his or her college education.

The CSU system now requires all freshman and those transfer students who have not completed appropriate college courses to demonstrate entry level skills in two areas: English and Mathematics. To better ensure that students, who are poorly prepared in one or more of the basic skills, receive this preparation early in their college career, CSU Dominguez Hills began implementation of an Academic Skills Assessment Plan (ASAP) in Fall, 1984, starting with new freshmen. Beginning Fall 1986 all new and readmitted former undergraduate students will be expected to meet the requirements of the plan.

The Academic Skills Assessment Plan has four stages which may affect you:

Stage 1. Assessment of Entry Level Skills

Stage 2. Completion of Entry Level Skills

Stage 3. Certification of Basic Skills

Stage 4. Certification of Writing Proficiency

Stage 1. Assessment of Entry Level Skills

Assessment of entry level competencies in reading, composition, and mathematics.

1. Unless exempt, students must take the English Placement Test (EPT) and Entry Level Mathematics test (ELM) no later than their first semester of attendance at CSU Dominguez Hills. (See entry describing EPT and ELM in the Admissions section of the catalog.) If exempt the student will be notified when admitted.
2. Entry Level English Skills - If students score T-150 or below on the EPT they must enroll in ENG 009 Basic Writing Workshop or SMC 006 Intensive Writing Skills Workshop. If their score is T-142 or lower on the EPT they must also enroll in ENG 088 Developmental Reading. Both ENG 088 and 099 or SMC 006 are prerequisites to ENG 110 Freshman Composition I, and may be taken concurrently prior to ENG 110.
3. Entry Level Mathematics Skills - If students score 37 or below on the ELM they should register for MAT 003 and/or MAT 005 or seek assistance from the Learning Assistance Center to prepare to pass this test. The Mathematics Department can advise as to which option should be followed, based on the ELM score. If students are not exempt, they must pass the ELM before taking any higher level math course (MAT 101 or higher). No courses satisfy this requirement.

Stage 2. Completion of Entry Level Skills

By the end of two semesters of attendance students are required to have achieved a score of T-151 or higher on the EPT or have completed appropriate remedial courses and to have passed the ELM. If they do not meet these requirements, they will not be allowed to register in subsequent terms for any classes except the appropriate remedial courses and selected courses upon mandatory advisement.

Stage 3. Certification of Basic Skills

Students must meet the following requirements for admission to junior or higher level standing (e.g. by the time they have completed 56 semester units):

English

1. Successful completion of ENG 110 and ENG 111 or six units of SMC 107 or any combination of ENG 110, ENG 111 and SMC 107 totaling six units.

or

2. Equivalent transfer courses with a grade of C or better.

or

3. Appropriate scores on approved English examinations (see English department chair for information on these examinations).

Math

1. Successful completion of MAT 101 or a higher level mathematics course.

or

2. Transfer credit with a grade of C or better for mathematics courses at the level of intermediate (college) algebra or above.

By the time students have earned 56 semester units (or if they transferred in with 56 semester or more units) they are expected to have met the mathematics requirements and the course requirements in English. If students have not met these requirements they will have two terms in which to complete them. During that time enrollment in the appropriate English and/or mathematics course(s) is mandatory. If they still have not met the requirements by the end of two terms they will be placed on probation and may not take any course(s) other than those that satisfy the requirements or their prerequisites.

All undergraduate students will be required to take the EPT and ELM unless they are exempt by virtue of test scores or coursework. Junior level transfer students (56 semester units or more) who are not otherwise exempt from ELM must either pass the ELM prior to their first term of enrollment or immediately enroll in the appropriate mathematic course(s) (MAT 003/005) in their first term. They must complete MAT 101 by the end of two terms or be restricted to enrollment in the appropriate mathematics courses and selected courses upon mandatory advisement. Junior level transfer students (56 semester units or more) who are not otherwise exempt from the EPT must either pass the EPT prior to their first term of enrollment or immediately enroll in the appropriate English course(s) ENG 088 and/or 099 in their first term. They must complete ENG 111 by the end of two terms or be restricted to enrollment in the appropriate English courses and selected courses upon mandatory advisement.

Stage 4. Certification of Writing Proficiency

Within two terms after reaching 56 semester units (or transferring in with 56 semester units or more), students must demonstrate competency in writing skills through one of the following options:

- A. **Voluntary Testing.** A test, for which a fee will be charged (Junior English Proficiency Essay Test, JEPET), is available at regularly scheduled intervals each term. Students are allowed to take the test only twice. Information on test dates and procedures for sign-up are available in the Information and Service Center (SCC A-130).
- B. **Advanced Composition Course** (offered by the English Department). The English Department regularly offers two types of advanced composition courses: a general purpose advanced composition course (ENG 350), and a course designed for students capable of profiting from instruction in sophisticated techniques of prose discourse (ENG 456).
- C. **Upper Division Writing Adjunct.** The Writing Adjunct (SMC 397 and 398, 4 units required) currently offered by the Small College is a structure for providing individualized instruction in composition that is adjunctive to study in another subject area.
- D. **Upper Division Courses** (offered by Departments other than English). Some departments presently offer courses, though not solely composition courses, that stress instruction in writing, require frequent writing assignments, and provide regular evaluation of students' writing. Courses currently available in this category are HIS 300, SMT 300 and 301 and CHE 460.
- E. **Transfer Certification.** A student who has satisfied the Writing Proficiency Requirement at a CSU campus prior to admission to CSU Dominguez Hills may petition to waive the CSU Dominguez Hills requirement. The petition and an official certification that the Writing Proficiency requirement has been met should be submitted to the Office of Admissions and Records.

If you do not meet this requirement in the time specified, you will be required to enroll in ENG 350.

Some departments presently offered courses, though not solely composition courses, that stress instruction in writing, require frequent writing assignments, and provide regular evaluation of students' writing. Courses currently available in this category are History 200, and Chemistry 260.

The voluntary test is administered each semester. Information on test date and procedures for sign-up are available in the Information and Service Center.

1. Students who have made either a score of eight on the Junior English Proficiency Essay Test or at least a grade of BC, or its equivalent, in one of the undergraduate certifying courses at CSU Dominguez Hills, or in English 252, are adjudged to have met the graduate writing requirement. Information regarding the schedule of test administrations and the list of approved courses is available in the Information and Service Center. (Also, see above B,C, and D.)

2. All students who did not meet the requirement as undergraduates, as in #1 above, must take the JEPET and make a score of at least eight or take one of the undergraduate certifying courses at CSU Dominguez Hills and make at least a grade of BC.
3. Students who fail to make at least an eight on JEPET have the option of taking the exam a second time.
4. Students who fail twice to make a score of at least eight on the JEPET must take one of the undergraduate certifying courses and make at least a grade of BC to meet the requirement.
5. Writing competency must be certified no later than the point of advancement to candidacy. Individual programs may require such certification at an earlier point in the student's program.
6. CSU Dominguez Hills will accept certification of graduate writing competence from another CSU campus.
7. Special arrangements will be made for some external degree programs. Students should consult with the program coordinator.

STUDENT DEVELOPMENT

EMPLOYMENT RECRUITMENT INTERVIEWS - FALL 1986

The Student Development Office (SCC C128) assists students seeking career employment through job listings, direct job search, and the on-campus interview program. During the semester, the following companies are among those scheduled to participate in the campus interview program:

Southern California Gas Co., Transamerica Occidental Life Ins. Co., U.S. Marine Corps., McDonnell Douglas, Security Pacific National Bank, Hughes Aircraft, Defense Contract Audit Agency, Goodyear, Target, Inc., Firestone, Logicon, Inc., K-Mart Apparel, State Board of Equalization (Auditor), City of Los Angeles, Sears, Roebuck & Co., Union Bank, State Board of Equalization (Bus. Taxes Rep.), Union Oil.

Interview schedules are available in the Student Union, University Information Center, and the Student Development Office.

STUDENT DEVELOPMENT COUNSELING GROUPS

Personal counseling is offered individually and in groups. Some of the groups and workshops which may be offered in the Fall Semester include:

ASSERTION TRAINING

Assertion Training provides participants with alternatives to their present styles of functioning toward more effective communication and greater self-esteem. Participants will be given a chance to take a new look at themselves, their lives, their feelings, options, and responsibilities.

SERVICES FOR REENTRY STUDENTS

Your needs are special ones and we have special services to meet those needs. The main purpose of the program is to introduce returning students to the system on campus--to show you how it works, to encourage you to make it work.

Initially, returning students draw support from the program and then ease away from it as their own confidence in dealing with the campus structure increases.

DEVELOPING YOUR CAREER IN THE HELPING PROFESSIONS

Moving through a B.A. to an M.A. or Ph.D. and becoming a licensed professional can have its problems and pitfalls. What do you need to do to choose a graduate program and where do you go from there? This workshop focuses on developing your career and establishing yourself as a professional in your community. Topics for discussion will include: What you need to know if you plan on entering a Masters or Ph.D. Program; how to accrue hours for licensure; how to market yourself; developing your own specialization; establishing visibility and credibility; networking; making professional contacts work for you; and brainstorming techniques to help you develop your fullest potential.

PERSONAL AWARENESS

This group provides participants with opportunities to improve their quality of life as well as to deal with specific interpersonal and intra-personal problems.

INTERNSHIPS

Students from any major may apply for an internship at the Office of Internships and Reentry, providing they meet University requirements. Placements are available in a variety of work settings, including local and national government; laboratories; small and large corporations including technology, business, human and community services; media settings including T.V., newspapers, advertising and public relations; and more.

SELF-EXPLORATION THROUGH CREATIVE FANTASY

This is a group counseling experience aimed primarily at self-exploration and development through the utilization of fantasy techniques. Creative Fantasy is a counseling modality which facilitates personal growth and promotes heightened awareness of self and others. Creative Fantasy is a method of representing symbolically feelings and aspects of the person which have been disassociated or disowned, allowing for reintegration of these aspects and feelings into the total personality structure and, thereby, allowing the person to achieve a higher functional level.

TEST ANXIETY

If you are a student who feels well prepared but does poorly on exams because you are uptight and unable to think clearly while taking them, a few hours of "Test Anxiety Desensitization Training" could be helpful. The Student Development Office offers a Test Anxiety Group designed to help you cope with your uneasiness about taking exams. By learning a more adaptive, relaxed response to the anxiety-provoking test situation, you may significantly improve your performance on written tests. Test Anxiety Desensitization Training is very simple and very short, lasting for only five sessions.

To provide the campus with comprehensive and useful information, the Office of Student Programs currently publishes Toro Talk, with a listing of departmental events, Campus Publicity and Posting Regulations, The Student Organizations' Directory, the Student Programs brochure, and Campus Scheduling Policies. THE ASSOCIATED STUDENTS

The Associated Students has been in existence in one form or another since 1967. During that time, they have been dedicated to furthering the educational, social, cultural and recreational welfare of the students at CSU Dominguez Hills.

In essence, the students are the Associated Student's main concern. The membership fees (activity fees paid at the beginning of each semester) constitute the yearly budget, which is expended for student-run activities that benefit students, such as intercollegiate activities, tutorials, the Child Development Center and cultural programming. Students making decisions about activities that benefit students-that's what the Associated Students is all about!

Nearly 50 student volunteers are needed yearly to fill University and Associated Students committees that make important decisions concerning the educational welfare of students. Input is desperately needed at the statewide level as well. The Associated Student Office is located in Small College (N-104). The telephone number is 516-3686.

Student Activities

The Student Activities and Cultural Programs Commission (S.A. and C.P. Commission), and the Organizations Commission of the Associated Students sponsor a wide variety of activities for students which generally include films, speakers, dances, and other events. Contact the Associated Students in Small College N-104 for further information about these programs, or call 516- 3686.

HOUSING

On-Campus Housing

Living on campus makes university life more fulfilling and exciting. The convenience and reasonable fees are yet other reasons for living in the new student apartments. One and two-bedroom apartments are offered furnished and unfurnished, and unlike traditional dormitories they have their own full-size kitchens. The apartments fill up early, so apply as soon as possible. For On-Campus Housing information please stop by or call the office of the Vice President of Student Affairs in Small College Building #3, M110, (213) 516-3784, or the Office in Building A of the Student Apartments, (213) 516-4228.

Off-Campus Housing

As a service to students seeking off-campus housing accommodations, the Office of Student Programs keeps an up-to-date listing of local house and rooms that owners list with the University. For additional information regarding off-campus housing, please stop by the Office of Student Programs, located in Small College Building #8, Room K-144, or telephone 516-3854.

TAKE II REENTRY PROGRAM

A majority of the students at CSU Dominguez Hills have had a significant break in their education and are considered reentry students. Approximately 50 percent of undergraduates are more than 25 years-of-age and approximately 62 percent of the graduate population is over the age of 30.

The main purpose of the Take II program is to introduce students to campus-to show them how it works, and to encourage them to make it work for them. Initially, returning students can draw support from the program and then ease away from it as their own confidence increases. The office is located in SCC K-144. The telephone number is 516-3854.

HEALTH CENTER

The student service fee paid by all regularly enrolled students at registration allows students to benefit from many services offered by the Health Center. Not only is care provided for illness and injury, but doctors, nurses and lab technicians do screening tests including those for diabetes, hypertension, anemia, pregnancy, and venereal disease. The Center stresses the "health and wellness" concept and assists students by providing health care consultations in such areas as nutrition, birth control counseling, weight control, relaxation training and sexuality counseling. The Center offers immunizations against measles and Rubella, which are easily prevented and are considered to be serious diseases for college age populations.

The Center also features a licensed pharmacy where students may get prescriptions filled and purchase over-the-counter items as well. Costs are much lower than at private pharmacies and students are invited to consult with the pharmacist. X-ray services are also available.

Also offered are health education seminars on various health concerns, as well as our Lifestyle Health Faires and referrals to community resources.

Located in the building north of the University Theatre, the Center is open from 8 a.m. to 7 p.m., Monday through Thursday, and 8 a.m. to 5 p.m. on Fridays.

For appointments call 516-3629 (3629 from campus phones). Students will also be seen on a walk-in basis.

UNIVERSITY LIBRARY

Many successful students know the library can answer your questions. Use your library. It will make life easier. The library has expanded its hours to meet your needs. During the regular academic year the library hours are:

FINANCIAL AID OFFICE

Information concerning student financial assistance may be obtained at the Financial Aid Office, SCC E-138, phone 516-3647:

The Financial Aid Office handles financial aid, and part-time employment.

The purpose of student financial aid is to provide appropriate financial assistance to eligible students to help them in achieving their educational objectives. To be considered for financial assistance, students must complete the Student Aid application for California. Students who are applying for 1986-87 should complete the application by April 15. All undergraduate students who have not received a bachelor's degree and are applying for financial aid must also apply for a Pell Grant.

The University participates in the following financial aid programs: National Direct Student Loans (NDSL); Guaranteed Student Loans (GSL); College Work Study (CWS); Supplemental Educational Opportunity Grants (SEOG); Pell Grant; California Educational Opportunity Grants (EOP); State University Grant (SUG); Cal Grant A; Cal Grant B; the California Graduate Fellowship Program, the Bilingual Teacher Grant Program, and The California Loan to Assist Student Program (CLAS).

ROTC

Through arrangements with The Department of the Air Force ROTC at Loyola Marymount University, students at CSU Dominguez Hills can enroll in the two or four year Officer Training program. ROTC classes are held twice a week or on Saturday morning sessions. For additional information contact Dan Joseffini at 516-3657 or the Department of Aerospace Studies (AFROTC), Loyola Marymount University, Los Angeles, California 90045, telephone (213) 642- 2770.

The service is available Monday through Thursday evening from 6:30 p.m. to 10:30 p.m. Persons wishing to use this service should phone 3639. On-campus courtesy telephones are available in the Cafeteria, the lobby of the Library, HFA Lobby, and the Information and Service Center. OFFICE OF SPECIAL PROGRAMS

The Educational Opportunity Program (EOP) is an alternate admissions program for individuals who are not eligible for regular admission directly from high schools either because of their grade point average or their SAT/ACT scores. The program is also open to community college students who have less than 56 transferable semester units or 84 quarter units. Re-entry students who are not recent graduates from either high school or community college should also consider EOP as a possible means of re-entering school. There are both income guidelines that must be met as well as firm deadlines for applying for admission through the EOP program. For further information contact either Doris Battle at 516-3632 or Gloria Smith at 516-3680.

LEARNING ASSISTANCE CENTER

The Learning Assistance Center offers a broad range of support services to students to include tutoring, and assistance with study skills (listening/notes-taking; exam preparation; reading development, vocabulary and computation skills development).

Other support assistance includes seminars and workshops for students who are preparing for the following tests: CBEST, JEPET, ELM. The PLATO computer program, which offers over 6,000 hours of various information, is used to assist students in their preparation for these various tests.

The Learning Assistance Center is located on the lower level of the Educational Resources Building (ERC A-103). For further information call 516-3827.

ALUMNI ASSOCIATION

The CSU Dominguez Hills Alumni Association seeks to advance the welfare of the University, to promote common interests of its students and alumni, and to serve as liaison with the University, alumni, and the area. The Alumni Association sponsors a number of activities during the year, provides scholarship assistance to students, presents Outstanding Achievement Awards annually to outstanding seniors, and generally supports the University.

Today the alumni of the University number more than 18,000 and are found throughout the world. All CSU Dominguez Hills students are eligible for membership in the Alumni Association. Those students wishing further information about the Association should contact the Office of University Relations, at 516-3787.

INTERCOLLEGIATE ATHLETICS

The athletic program at CSU Dominguez Hills is unique in its balance between men's and women's sports programs. The department currently conducts four men's sports, and four women's sports which serve approximately 150 athletes.

These eight sports compete in the California Collegiate Athletic Association which consists of CSU Dominguez Hills, Cal State Los Angeles, Cal State Northridge, Cal State Bakersfield, Cal Poly Pomona, Cal Poly San Luis Obispo, Chapman College and UC Riverside. The Toros compete on a national level in NCAA Division II.

Both the men's and women's teams have enjoyed great success. The women's volleyball team has finished as high as fourth in the country, while the men's basketball team captured the CCAA title in its first year in the Conference in 1981.

The women's softball team was co-champions in the CCAA in 1983 while the basketball team is ready to challenge CCAA opponents in pursuit of its first title.

On the men's side, the soccer team captured the CCAA title in 1982 and was an NCAA quarterfinalist, while the men's golf team has been rated among the nations top 10 teams the past two years and have sent someone to nationals the past three years.

The baseball team plays a competitive schedule including many games each year with Division I schools. The traditionally strong program has seen 24 of its former players drafted by major league clubs. A new and exciting sport added for the 1984-85 sports year is women's soccer. Former professional Marine Cano is the first coach and will look to building a winning program.

CSU Dominguez Hills has an intramural program which will provide competitive opportunities for resident and non-resident students in a wide variety of sport activities. Call 516-3893 for further information.

RECREATION

Physical education facilities such as a gymnasium, swimming pool, outdoor fitness trail, tennis courts, volleyball courts, track, baseball diamonds, and the all-purpose field are available for the use of enrolled students, faculty, and staff. Students, faculty, and staff are encouraged to use the facilities as long as there is no conflict with classes or other scheduled events.

Information regarding recreational use of physical education facilities should be directed to the Athletic Department in the Field House.

For further information call 516-3893.

STUDENT WORD PROCESSING

Students interested in learning the use of word processing and also learning the basic operations of a microcomputer can do so by enrolling in SMT 100, BASIC WORD PROCESSING. There are two options available. Students who wish formal instruction should enroll in sections 1, 2, 3 or 4. Students who wish to work at their own pace should register for section 5. All instruction takes place in the campus word processing center, located in ERC A-315. At the conclusion of the instruction, the student will be able to use a powerful word processor for the preparation of written work.

CHILD DEVELOPMENT CENTER - (Casa Dominguez)

Students, faculty or staff members with children ages 2 1/2 to 14, may be eligible to register them in the on-campus Child Development Center.

Under the auspices of the School of Education, the Center is a professional school for child development, not a baby-sitting service. Teachers and student interns observe and assist the children in the carefully prepared indoor and outdoor activities.

Funded by a variety of sources including Student Association parents are charged a sliding fee scale. All children must be toilet trained and in good health. Each is given breakfast, noon-time hot lunch and afternoon snack. The Center hours are Monday through Thursday, 7:45 a.m. to 6:30 p.m., and Friday 7:45 a.m. to 5:00 p.m. when the University is in regular session. For further information call 327-2880.

OLDER ADULT CENTER

The Older Adult Center (OAC) serves as a support system for older students on campus, but provides a warm and friendly atmosphere for people of all ages. The coffee pot is always on during open hours. Services include a tuition waiver program for a limited number of students over age 60, and an inter-generational shared housing program designed to match senior citizens of the community with students needing a place to live. The OAC also provides many other academic and social opportunities for students, faculty and staff. Those interested in being placed on the OAC's activities mailing list may drop by the center and sign up. Information Referral Services are offered each semester to the community and University.

The OAC also serves as the Carson/Dominguez Hills Network of Gray Panthers, a senior citizen advocacy group. People of all ages are welcome to become active in the Gray Panthers.

Located in SBS B-235, the OAC's hours are 9 a.m. to 4:30 p.m., Monday through Thursday. For further information, call 516-4003.

PRESIDENT'S OPEN HOURS

The President's Open Hours provide a continuing opportunity for an exchange with students, faculty and staff on questions, opportunities, and problems that interest or concern them.

Discussion should deal with general problems and opportunities of the University rather than personal problems and needs of individual students, faculty and staff.

President Butwell will ordinarily keep Thursday afternoons free from 1:00 to 4:00 p.m. for this purpose. Members of the University community are cordially invited to visit with him in his office (ERC G-503) during these hours. Please check with the President's Office (516-3301) to confirm Open Hours on a specific Thursday.

Students, faculty or staff with particular problems should make individual appointments.

INFORMATION AND SERVICE CENTER

The Information and Service Center, located in SCC A130, at the front of the campus, assists the campus population, prospective University applicants, and community members by providing essential, centralized information on campus resources, activities and programs. The Center also makes appropriate referrals to other campus units. Brochures, maps, directories, and other materials are available to students and visitors.

Center functions include maintaining a centralized calendar of campus activities, handling all application requests, providing information on admission policies and procedures, giving pre-admission and general academic advising, and answering questions regarding fees, refund policies, withdrawal deadlines and other general academic policies. During the academic year, center hours are: M-Th, 8 a.m. - 10 p.m., F, 8 a.m. - 5 p.m. the telephone number is (213) 516-3696. Evening Services are also located in the Center.

EVENING SERVICES

Evening Services are provided in the Information Center, SCC A-130, extension 3696, for students, staff and faculty. On Monday through Thursday evenings, 5 to 10 p.m., the staff is available to assist students with admission information, University academic policies, notary services, after-hours Admissions and Records office support, withdrawal and refund procedures, and delivery and go-between services.

Generally, we attempt to assist evening students so that they may function with the same effectiveness and convenience as daytime students.

NEW COURSE SUFFIXES

There is a new system of course suffixes:

- | | |
|----------------------|----------------------|
| A = activity class | P = production class |
| D = discussion | S = supervision |
| L = laboratory class | |

Where you may have seen only "L" used in the past you may now see an "A", "D", "P" or "S". MOST of these courses required the student to enroll in BOTH the lecture and activity, lab or production portion of the course.

SCHEDULE NUMBER

The five digit-code in the far left column is a number which identifies the course and section of the class you want to take. After classes begin (September 2, 1986) it will be necessary to use these numbers to register for a course or change your program.
