— Note for Students Who Intend to Register for Organic Chemistry —
Registration begins on March 24, 2025 • In-person registration is NOT available

Registration Process for Non-CSUDH Students:

- Complete and submit this Pre-Registration form to our [CCPE Registration Office Dropbox](#).**
By completing this form, you are expressing your interest in registering for Organic Chemistry at CSUDH. **This form is not a registration form, and does not secure a spot in any course.** Due to extremely high demand in these courses, the CCPE Registration Office will create a student record on your behalf, which does not mean you are registered; however, it will *expedite the process* when registration opens on Monday, March 24.
- You will receive an email beginning Friday, March 21.** This email will include instructions on how to activate your MyCSUDH account and access Canvas for your course content.
- Avoid extended phone wait times: *We recommend* all activated students **register ONLINE via MyCSUDH**, or via phone. **If you are registering for only a SINGLE Lab or SINGLE Course, you must register via phone;** you cannot register online for a single Lab or Course section.
- Once registered, we encourage you to **STAY IN YOUR ENROLLED** section. We cannot guarantee that you will be able to hold your spot if you change from one course section to another, and you may risk losing your enrollment altogether.
