| <ul style="list-style-type: none">• Welcome – Chaired by Bill Chang• HR/CS Split Update<ul style="list-style-type: none">○ CSUDH got first choice in dates. Go Live on 1st weekend of November.○ HR = Human Resources (faculty and employee) and CS = Campus Solutions (students)○ Testing and support needed during passes will be very long for all parts. Servers will be physically moved.○ Unknown environment architecture.○ Three opportunities to go through to finding any issues.<ul style="list-style-type: none">▪ First pass is upgrade.▪ 2nd test all and find issues.▪ 3rd catch any issues.○ Downtime unknown most likely Thursday to Saturday. Validation may begin on Saturday and Sunday fix issues and Monday go live.○ Firewall will affect FTP rules and create issues – vendors will need to be notified.○ Currently gathering up all integrations processes.○ Navigations should stay the same.○ Security roles will need to be copied/retro-fitted.○ All environments will stay as is – copies of queries will stay within testing process. |
| <ul style="list-style-type: none">• FIM<ul style="list-style-type: none">○ Automated general roles, currently working, but cut over may affect it.○ PeopleSoft data is key. Updates on POI side where issues happen or data not entered. Submit changes in a timely manner so that data is there.○ Student applicant cut off at student census.○ CO is working on their own ID management will be getting a CSU system-wide ID @ some point in the future |
| <ul style="list-style-type: none">• Absence Management<ul style="list-style-type: none">○ Tentative aggressive go live- March or April |
| <ul style="list-style-type: none">• MyCSUDH Portal<ul style="list-style-type: none">○ To support the news CS environment must updated over the summer. Will prep for the November CS upgrade○ By May should have a test portal to use in HR/CS split. |
