

This document is to be used as a supplement to the Hazard Assessment Tool for Shops in the selection of appropriate personal protective equipment (PPE) for the Shop.¹

Applicable PPE	Specific type (example)	Characteristics	Applications
Light vinyl or nitrile gloves	Disposable nitrile gloves 	Puncture, abrasion resistant, protection from splash hazards *Available in the warehouse	Working with Biological Hazards and chemical splash hazards
	Disposable vinyl gloves 	Economical, durable, similar to latex, but allergy free Online purchase https://www.grainger.com/product/CONDOR-Disposable-Gloves-Food-Grade-21DL28	Biological Hazards
Light chemical resistant gloves	Butyl gloves 	High permeation resistance to most chemicals Online purchase https://www.grainger.com/product/MCR-SAFETY-Chemical-Resistant-Glove-7-60HP94	Large volumes of organic solvents, small to large volumes of dangerous solvents, acutely toxic or hazardous materials
	Nitrile gloves 	Chemical resistant, good puncture, cut, and abrasion resistance Online purchase https://www.grainger.com/product/HONEYWELL-Chemical-Resistant-Glove-0-785TW2	Apparatus under pressure, air or water reactive chemicals
Light to heavy chemical resistant gloves	Viton® II gloves 	High permeation resistance to most chemicals Online purchase https://www.grainger.com/product/ALPHATEC-Chemical-Resistant-Gloves-3PXD9	Same as butyl gloves, plus hazardous material spills

¹ Products illustrated can be purchased from numerous manufacturers links included are from grainger.com

Applicable PPE	Specific type (example)	Characteristics	Applications
Hand protection shops	<p>Work gloves</p> 	<p>General mechanics glove, minimal cut and abrasion resistance</p> <p>*Available in the warehouse</p>	<p>General tasks not involving sharp edges, heat or other hazards</p>
	<p>Work gloves</p> 	<p>General mechanics glove, minimal cut and abrasion resistance</p> <p>*Available in the warehouse</p>	<p>General tasks not involving sharp edges, heat or other hazards</p>
	<p>Cut Resistant gloves</p> 	<p>Mechanics glove for use when there is risk of laceration or abrasion</p> <p>Online purchase https://www.grainger.com/product/PIP-Knit-Gloves-L-9-581R87?opr=PDPRRDSP&analytics=dsrItems_581R86</p>	<p>For use when working around sharp edges, such as sheet metal, glass or porcelain</p>
Protective clothing	<p>Chaps</p> 	<p>Cut and puncture resistant</p> <p>Online purchase https://www.grainger.com/product/ELVEX-Chaps-Nylon-3MAG6?searchQuery=3MAG6&searchBar=true&tier=Not+Applicable</p>	<p>Working with flying debris such as gardening equipment or chainsaws</p>
	<p>Denim Shop Apron</p> 	<p>Protects clothing from dirt, dyes, debris, or non-hazardous chemicals</p> <p>Online purchase https://www.grainger.com/product/CONDOR-Shop-Apron-Denim-1N874</p>	<p>General industrial, maintenance, construction, carpentry, or shop applications</p>

Applicable PPE	Specific type (example)	Characteristics	Applications
	<p>Leather Shop Apron</p> 	<p>Protects clothing from dirt, dyes, debris, or non-hazardous chemicals</p> <p>Online purchase https://www.grainger.com/product/CONDOR-Welding-Apron-Bib-Apron-5T179?opr=PDPRRDSP&analytics=dsrItems_38RL37</p>	<p>General industrial, maintenance, construction, carpentry, or shop applications, welding</p>
<p>Eye/face Protection</p>	<p>Glasses</p> 	<p>Impact resistant lens with anti-fog coating</p> <p>*Available in the warehouse</p>	<p>Working around equipment, tools or conditions where flying debris could impact eyes</p>
	<p>Tight fitting goggles</p> 	<p>Tight fitting, protects eyes from impact, spray, paint, chemicals, flying chips, dust particles Polycarbonate lens, indirect ventilation, meets ANSI and OSHA specifications</p> <p>*Available in the warehouse</p>	<p>Working with corrosive liquids, organic solvents, hazardous chemicals, air or water reactive chemicals, dusty or dirty operations</p>
	<p>Disposable face shield</p> 	<p>Prevention of splashing biological or light chemicals to face</p> <p>*Available in the warehouse</p>	<p>For use when working with grey, black water or biologicals</p>
		<p>Chemical resistant face shield</p> <p>Online purchase https://www.grainger.com/product/MCR-SAFETY-Ratchet-Face-Shield-Assembly-9TZ55</p>	<p>For use with mild acids, caustics, aromatic hydrocarbons . For use when splash hazard. For use when using air or water reactive or in operations that produce flying particles.</p>

Applicable PPE	Specific type (example)	Characteristics	Applications
Respirator (any respirator use will require intervention with EHS, including training, fit testing and medical evaluation)	<p>N-95</p> 	<p>Protects against dusts, fumes, mists, microorganisms</p> <p><u>*Available in the warehouse</u></p>	Working with high amounts of debris or dusty environments
	<p>Half face</p> 	<p>Air purifying respirator protects against variety of particulates, vapors, dust, mists, fumes; depends on filter cartridge used</p>	Working with high amounts of debris or dusty environments; chemical vapors; particulates
	<p>Full face</p> 	<p>Same as half-face, but with greater protection factor, and greater protection of eyes and face; depends on filter cartridge used</p>	Working with high amounts of debris or dusty environments; chemical vapors; particulates
Ear Protection	<p>Disposable Ear Plugs</p> 	<p>Polyvinyl Chloride (PVC) or Polyurethane foam, one time use design (no cleaning), one size fits all, light weight, low cost, blocks all sound</p> <p><u>Online purchase</u> https://www.grainger.com/product/HONEYWELL-HOWARD-LEIGHT-Ear-Plugs-Bell-5FV22</p>	Working with high powered equipment such as shop machinery, power tools, or gas powered equipment.
	<p>Reusable Ear Plugs</p> 	<p>Silicone, tapered fit, reusable (needs cleaning), corded or uncorded, light weight, more durable than disposable</p> <p><u>Online purchase</u> https://www.grainger.com/product/HEXARMOR-Ear-Plugs-Flanged-61TM45</p>	Working with high powered equipment such as shop machinery, power tools, or gas powered equipment. Can be used for

Applicable PPE	Specific type (example)	Characteristics	Applications
	<p>Hearing Band</p> 	<p>Ear plugs connected to a flexible band that can be worn around the neck when not needed</p> <p>Online purchase https://www.grainger.com/product/MOLDEX-Banded-Ear-Plugs-Bell-3EAU4</p>	<p>Working with high powered equipment such as shop machinery, power tools, or gas powered equipment.</p>
	<p>Earmuffs</p> 	<p>One size fits all, fits better for longer periods of time, higher noise reduction rating, very durable, dielectric</p> <p>Online purchase https://www.grainger.com/product/CONDOR-Ear-Muffs-Over-the-Head-Earmuff-26X627</p>	<p>Working with high powered equipment such as shop machinery, power tools, or gas powered equipment.</p>
<p>Footwear Protection</p>	<p>Safety Boots</p> 	<p>Steel toe offers toe protection, durable, puncture resistant</p> <p>*See manager for shoe purchases</p>	<p>Working in areas with power tools or heavy machinery used in construction.</p>
	<p>Chemical Resistant Boot</p> 	<p>High permeation resistance to most chemicals</p> <p>*See manager for shoe purchases</p>	<p>Working with large amounts of chemical compounds or during chemical spill clean-up</p>
	<p>Slip Resistant</p> 	<p>Slip resistant sole, comfortable, light weight</p> <p>*See manager for shoe purchases</p>	<p>Working in areas made of tile, marble, or terrazzo.</p>
