

Getting Started in Undergraduate Research Workshop

With Aysa-Monae Collins
Researcher & U-RISE
Program Coordinator

THURS
FEB 13th
2:30-3:30 PM

This workshop will introduce the essential steps to beginning your research journey. Learn about the benefits of becoming an undergraduate researcher, how to identify and connect with a research mentor, and best practices for crafting professional emails to potential mentors. Additionally, discover funded research opportunities and programs available on campus to support your academic and professional growth.
