

OSHA Training Institute Education Center (OTIEC)
CALIFORNIA STATE UNIVERSITY, DOMINGUEZ HILLS

2021 TRAINING

Building a Safer World Together

OSHA Training Institute Education Center (OTIEC) at California State University, Dominguez Hills is the only Los Angeles-based training institute authorized by the U.S. Department of Labor to deliver OSHA approved courses in occupational safety and health to safety professionals, workers, supervisors and employers. Our courses are offered on weekdays and on weekends to fit your schedule. During the current pandemic, courses are offered online for your convenience and safety.

On Site Training

The OSHA Training Institute Education Center at CSUDH works closely with the business community to develop training programs to help companies stay in compliance with regulatory enforcement agencies. CSUDH offers more than 100 courses in occupational safety and health, both in English and Spanish, tailored to meet industry specific requirements.

Our team of professionals is trained to provide the best service possible at an affordable price, and can expedite your request for on-site training. Discounted rates are available to groups of 15 students or more, and volume discounts are also available for companies and organizations scheduling two or more on-site trainings. For more information, please contact us at **310-243-3355** or rguzman@csudh.edu.

Military Discounts and Financial Assistance

Discounts are available for active and retired service members. Financial resources are also available for qualified individuals through the Workforce Innovation and Opportunity Act. Please contact our specialist at wioa@csudh.edu for more information.

Volume discounts are available for companies and organizations sending five or more participants to one of our regular opened enrollment classes. For further information, email osha@csudh.edu or call **310-243-2425**.

Become a Trainer

The CSUDH OTIEC offers OSHA Outreach Trainer Authorizations in **Construction, General Industry, Maritime Safety, Disaster Site Worker and Cal/OSHA Outreach Training**. If you have the required experience, this can be an excellent opportunity to become an Authorized Trainer for your company or to build your own business.
