DELEGATION OF AUTHORITY

Retired	The CSU’s authority to procure goods and services is granted through the Board of Trustees. Procurement and Contracts administers the Procurement Card Program for the campus. The P-card Administrator within Procurement and Contracts processes applications, issues cards, conducts training, monitors policy compliance, and assists cardholders with any questions related to the program.
Updated	The CSU’s authority to procure goods and services is granted under CSU Policy, https://calstate.policystat.com/policy/11714239/latest , through the Board of Trustees, to the Chancellor, to the campus President, to Procurement and Contracts. The policy establishes minimum standards for the use of Procurement Credit Cards. Delegation for the purchase of goods and services under the P-card program has been further delegated to cardholders up to their respective credit limits.

CONFLICT OF INTEREST

Retired All cardholders are required to complete and submit a Statement of Economic Interest ([Conflict of Interest Form 700](#)) each year. Please contact Human Resources for more information at www.csudh.edu/hr or 310-243-3771.

Updated [The Political Reform act of 1974](#) (*Government Sections 81000, et seq*) requires that university employees who “are deemed to make or participate in decisions which may foreseeably have a material effect on a financial interest” of their own, must file financial disclosures indicating their interests which might fall within the “conflict of interest” category.

Conflict of Interest is defined as follows: “No public employee at any level of state or local government shall make, participate in making or in any way attempt to use his [or her] official position to influence a governmental [CSU] decision in which [s/he] knows or has reason to know [s/he] has a financial interest.” Gov’t Code § 87100. Any person who willfully violates the general prohibition is guilty of a misdemeanor. Gov’t Code § 9100.

All cardholders and Approving Officials are responsible for conducting business in an ethical manner and adhere to the following:

1. All CSU employees in a designated position and interim disclosure positions must file a Statements of Economic Interests (Form 700) on an annual basis and take the COI Training within 6 months of assuming office, and then every two years after.
2. Purchases shall not be made from companies where the person purchasing the goods has an economic interest. Such purchases may have at least the appearance of wrongdoing and should therefore be avoided. Avoid involvement in any transactions that could be a conflict between personal interests and the interests of the CSU.
3. Conduct business in good faith; demanding honesty and ethical practices from all participants in the purchasing process.
4. Avoid gifts, gratuities, rebates (not issued in the name of University), kickbacks, rewards points or credit, or other incentives provided to the cardholder to influence or appear to influence the decision to make a purchase from a vendor.

The remedy for the intentional use of the P-card to defraud the University can include the reimbursement of such charges, P-card suspension or cancellation, disciplinary action in accordance with the Education Code. Section 89535 (i.e., suspension, demotion, or termination) and/or criminal prosecutions. This prohibition applies to all CSU employees.

Cardholders are delegated limited purchasing authority on behalf of the University, and as such, have the responsibility to ensure that purchases made on their P-card do not fall within the definitions of a conflict of interest.

All cardholders are required to complete and submit a Statement of Economic Interest ([Conflict of Interest Form 700](#)) each year. Please contact Human Resources for more information at www.csudh.edu/hr or 310-243-3771.

RESTRICTED PURCHASES

Restricted Purchases

The P-card may be used for restricted items upon written approval by the P-card Administrator or designee. Requests for restricted items shall be submitted in writing via email and include a justification for the purchase. If approved, the written approval shall be included in the monthly reconciliation packet when submitted.

The following items are restricted:

- Hazardous Materials (i.e. chemical, agents, gases). See [Restricted Purchases - Hazardous Materials](#) for more details.
- Hospitality: Approval must be obtained for any food, beverage, award or promotional item in accordance with the [Hospitality Policy](#), dated March 25, 2019. Submit the completed [Hospitality Authorization Form](#) to your appropriate administrator. For more information refer to the [Hospitality Policy Documents](#) on the Accounting webpage.

- Equipment valued at over \$500 is highly restricted on P-card and should be purchased via purchase order. In special circumstances, consideration may be granted for a one-time purchase on P-card. Cardholders should submit a quote or pro-forma invoice to p-card@csudh.edu for review and approval.
 - Appliances such as refrigerators, microwaves, coffeemakers, etc., require special justification and cannot be purchased using general funds. Cardholders should submit a quote or pro-forma invoice to p-card@csudh.edu for review and approval.
 - Services are highly restricted, however consideration may be granted for a one-time purchase on P-card. Cardholders should submit a quote or pro-forma invoice to p-card@csudh.edu for review and approval.
 - Furniture purchases must meet established ergonomic guidelines, ADA compliance requirements, and commercial grade standards with typical 5-10 year warranties for a higher education environment (it is important to note that most home and office retailers do not sell commercial grade furniture or fabrics with the smoke/flame spread ratings required for institutional use). For modular furniture orders, Procurement and Contracts ensures proper departmental coordination with Facilities Services for space planning, removal of existing furniture, and scheduling of new installations. For these reasons, furniture is highly restricted on P-card and should be purchased via a purchase order. In special circumstances, consideration may be granted for a one time purchases on P-card for single or a small number of items such as chairs, tables, desks, etc. which do not require installation or setup of any kind. Cardholders can submit a quote or pro-forma invoice to p-card@csudh.edu for review and limited approval. For more details review the [Furniture Purchases](#) process.
 - IT purchases (i.e. software, hardware & peripherals, and online services) and services require four layers of approval. Cardholders should begin by obtaining the first three approvals below by following the [Accessible Information and Communication Technology Procurement Process](#). After receiving IT, ATI, and Security approvals, cardholders shall forward final approval request to the P-card Administrator requesting to use the p-card for that specific transaction.
1. Information Technology (I.T.) – Required depending on the impact the purchase/contract or renewal may have on the Information Technology Division or the campus. The cardholder may need to answer additional questions throughout the approval process. The Information Security and Compliance team will connect the cardholder with the appropriate I.T. department to obtain additional information to facilitate this process. I.T. may also require direct communication with the vendor to verify their technical documents and specifications.
 2. Compliance (ATI) – Section 508 requires that Information and Communication Technology developed, used, maintained, or procured be accessible to people with disabilities. The cardholder will be asked to answer questions such as the number of users accessing or using the software/hardware/system, what type of data will be stored/transmitted, and who is the functional owner of the system. Additional questions may be asked depending on the specific request.
 3. Security Review – The Security review and approval ensures requests are appropriately assessed for managing the risks to the confidentiality, integrity, and availability of sensitive institutional information and the PII of constituents. Depending on the type of the data stored/transferred with your system, InfoSec office will require additional security reports.
 4. P-card Administrator – Cardholders shall submit a quote or pro-forma invoice to p-card@csudh.edu for review and approval. The P-card Administrator will conduct a risk

assessment and may grant an exception for a one-time purchase on P-card. If exception is not granted the cardholder will be instructed to enter a requisition.
